**GERMANS USE MOVIES
TO MAKE WAR POPULAR**
London, May 22.—The use the Ger-
man government makes of moving pic-
tures to popularize the war
among the German people and the
expedition of picture operators for the
front organized by the French war
office has brought the film to the no-
tice of the British war department as
an aid to recruiting.

"Our young men are not so much
lacking in patriotism as imagination,"
said a leading recruiting officer. "An
appeal to the eye is the most effective
that can be devised. The battle pic-
ture, the cinema proprietor will tell
you, is the most popular he can film.
If our young men could see for them-
selves, there would be no further talk
of compulsory service."

**GREENWOOD WANTS
NEW SCHOOL BUILDING**
Greenwood, May 22.—The trustees
of the city schools will ask for an
election on a \$35,000 bond issue to be
held when the city votes for perma-
nent street improvement. This issue
will be for the purpose of retiring an
issue which is now bearing 7 per cent
and, with interest at 5 per cent on
the new issue, to erect a new school
building, similar to the Leslie school.

Lame Back.
Lame back is usually due to rheu-
matism of the muscles of the back.
Hard working people are most likely
to suffer from it. Relief may be had
by massaging the back with Chamber-
lain's Liniment two or three times a
day. Try it. Obtainable everywhere.

Was Not Still Yet.
Sheriff Davis and Special Officer A.
T. Reid destroyed an illicit distillery
in the Chapman Ford section of the
county Tuesday morning. No arrests
were made, the operators having evi-
dently just recently left the plant. A
large quantity of beer and mash at
the distillery showed that the own-
ers were preparing for work. The
plant was of 60 gallons capacity and
was made of wood with a copper bot-
tom. The outfit was destroyed.—

Wind Did Stunts.
After a visit to the Elloree section
on Sunday, Mr. T. M. Hall related an
incident of the storm which visited
that section some days ago, showing
the peculiar antics of the wind on that
occasion. The large warehouse in El-
lore which was blown down, was
covered with corrugated iron. One
of the sheets of this covering was
blown to the top of a tall pine tree.
At the top of the tree it came in con-
tact with a limb and the force of the
wind completely wrapped the sheet of
metal about the limb where it can now
be seen.—Orangeburg News.

School Gymnasium.
First has been broken for the erec-
tion of the Rizer gymnasium at the
Carlisle school. Part of the brick
has been received, and it is expected
that the work of construction will be
begun within the next few days. The
gymnasium will be erected between
the Guilds hall and the main building
of the school. The gymnasium will
be completed by the beginning of the
next term, which commences in Sep-
tember.—Bamberg Herald.

Gaffney Ledger.
"I see by our home paper." How
frequently this phrase comes to the
lips. For news of the war, for the
ball score, for quotations from the
market, for information as to mar-
riages and deaths, people turn natu-
rally to their favorite newspaper.
Just as instinctively they turn to the
same source of information when
they want to buy goods. Reading
the newspaper is a habit. It applies
almost as much to the reading of the
newspaper advertisement as it does to
the "news."

They Are 70 Years Old.
"For some time past my wife and
myself were troubled with kidney
trouble," writes T. B. Carpenter, Har-
risburg, Pa. "We suffered rheumatic
pains all through the body. The first
few doses of Foley Kidney Pills re-
lieved us. After taking five bottles
between us we are entirely cured. Al-
though we are both in the seventies
we are as vigorous as we were 30
years ago." Foley Kidney Pills stop
sleep disturbing bladder weakness,
backache, rheumatism, dizziness,
swollen joints and sore muscles.

**How the World Conspires Against
Youth.**

In the June American Magazine
David Grayson, writing his story
"Hempfield," comments in part as fol-
lows on the conspiracy of the world
against youth and growth:

"The world, of course, is in a secret
conspiracy against youth and growth.
Any man who dares to be young, or to
grow, or to be original, must expect to
have the world set upon him and
pound him unmercifully—and if that
doesn't finish him off, then the world
clings desperately to his coat tails,
resolved that if it cannot ston him
entirely it will at least go along with
him and make traveling as difficult as
possible. This latter process is what
a friend of mine illuminatively calls
the 'drag of mediocrity.'"

"But this punching and pounding is
mostly good for youth and originality
—good if it doesn't kill—for it proves
the strength of youth, tests faith and
enthusiasm, and measures surely the
power of originality. And as for the
prolonging drag upon their coat tails,
youth and originality should reflect
that this is the only way by which
mediocrity ever gets ahead!"
